The Literary Art Magazine, the Muse, is annually published in May. It contains many articles of artistic and literary interest submitted by students each year. From the many works submitted, the Muse staff selects the pieces for publication. Naturally, the works are submitted anonymously for selection. Due to the efforts of the Muse Staff, students are provided an opportunity to express their artistic talents for possible publication.

The Italian Club supports the investigation and study of Italian culture. A relatively new organization, the Italian Club has proven to supply many fine activities for the students involved such as a trip to Little Italy in Manhattan.
